November 2026

To Our Customers,

Kittery Water District has filed a revised rate schedule with the Maine Public Utilities Commission, with the proposed rates to take effect January 1, 2027.

The filing was made in accordance with 35-A M.R.S. § 6104-B under Docket No. 2026-00338.

Our current rates went into effect September 1, 2026. As the cost of providing water service continues to rise, the District is proposing a 1.5% increase to all customer rates.

For customers with a 5/8-inch meter, this would increase the quarterly minimum charge by $0.60, from $39.00 to $39.60.

If you have any questions or would like additional information, please contact our office:
